

Into the Deep Blue Sea

SUNDAY, AUGUST 27

9:30–11:00 AM

Explore the wonders and beauty of our local marine life through art and science. Instructor Janey Cohen will teach you how to create a marine animal design, and then print your original artwork onto art paper, making beautiful greeting cards and art prints.

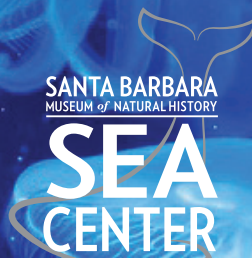

Our Sea Center Aquarist will provide you with an up close look at our most delicate aquatic animals, the sea jellies. Get your hands wet as you touch and feel their translucent bodies.

Enjoy jelly donuts and a special photo opportunity with Toothy the Shark.

You must be a current Kids' Club member to attend.

RSVP: membership@sbnature2.org

To register your child for the Kids' Club call
Leana Orsuá at 805-682-4711 ext. 114.
