Optional Supplement (Recommended)

Due April 27, 2018

Quasars to Sea Stars is a multi-year, year-round science and nature work-study program at the Museum of Natural History and Sea Center. The program focuses on science understanding through mentorships with Museum scientists and professional staff as well as hands on experience in the field and at the Museum. Please provide feedback that represents your true impressions of the student and their abilities to grow and succeed in the program. We are looking for students who are passionate about science, motivated to learn, and committed to succeed. Return this page to your student in a sealed envelope. Applications are due Friday, April 27, 2018.
