

# Museums Free-for-All

SUNDAY, FEBRUARY 22

**Museums-Free-for-All** is an annual day to celebrate free arts and culture in Southern California.

From Santa Barbara to Orange County, cultural institutions welcome audiences for this region-wide tradition presenting art, design, cultural heritage, film, natural history, science, political history and more.

Planetarium tickets will become available 20 minutes before each show at our Membership table by the oak tree. Tickets are first come, first served and you must have your physical planetarium ticket in order to attend the show. The doors to the planetarium will open 10 minutes before the show for guests with tickets. Seat selection is first come first served. Shows start promptly on time and no late entry is granted.

10:30 AM	The Night Sky for Little Dippers
11:00 AM	The Night Sky for Little Dippers
11:30 AM	The Night Sky for Little Dippers
